### REMEMBER ME?

... is the title of a little piece of prose presented at the Agribusiness Seminar last week by Kenneth Wolf of Texas A&M University.

We hope that it doesn't apply to any business in Hondo, but looking at it realistically, we know it does. So, those of you who feel this may be causing all those Hondo cars to wear out the highway between here and San Antonio to do their shopping.

It goes something like this:

"I'm the fellow who goes into a restaurant, sits down and patiently waits while the waitresses finish their visit before taking my order.

"I'm the fellow who goes into a department store and stands quietly while the clerks finish their little chit-chat.

"I'm the fellow who drives into a service station and never blows his horn, but lets the attendant take his time.

"You might say I'm the good guy. But do you know who else I am?

"I'm the fellow who never comes back!

"It amuses me to see business spending so much money every year to get me back -- when I was there in the first place. And all they needed to do was give me some service, and extend a little courtesy."

### TALENTED PEOPLE

... always have my admiration. And I must add a little bit of envy enters in also. There are people who play musical instruments, people who can sing, people who draw, and people who write. Oh, we are often heard to sigh, if we only had a little of that talent.

We are fortunate to have two such talented people helping us make the Anvil Herald a better and more attractive newspaper each week. Young Karen Reinartz has brought on many a chuckle with her drawings each week of the Owl football games, and Mrs. Betty Haile certainly has added a bright personal touch to our weekly football booster page with her art work.

Our sincere thanks to both Karen and Betty for their contributions.

## Western Art Show highlights Fall Festival

One might feel like they have entered a time machine and whizzed back into the past Saturday when they visit the old junior high school downtown in Devine as that city observes its annual Fall Festival.

But those old settlers that the scene will bring to mind would tell you that theirs was "the best time ever in our country." And take it from the officials sponsoring the anch Country Art Show, they could be right.

Anyway there will be brush arbors, cedar post fences, weathered board walls, wagon wheels and cow skulls here and there to form the setting.

Artists and craftsmen, including Mrs. Robin (Dennis) Winright of Hondo, will exhibit a true Western atmosphere from 7 a.m. to 7 p.m. as a big feature of the Fall Festival which is sponsored by the Devine Chamber of Commerce. "Some 50 artists and craftsmen from all over South Texas have entered exhibits in this big show," said Mrs. Eunice Hundley, show chairman.

Other big doings of the day begin at 10 a.m. when Grand Marshal Rep. John Poerner of Hondo leads the big parade through downtown Devine.

After the parade the first annual bicycle races will start, with racers from all ages competing.

Food booths will serve food and refreshments throughout the day in downtown Devine, manned by several clubs and organizations. And other events will include a Homecoming by ex-students, a western dance, and a big square

dance beginning at 8 p.m. Golfers even have "their thing" going in a two-day tournament Friday and Saturday at the Devine Golf Course.

## W.T. Crow is Number One in membership

W. T. "Bill" Crow certainly lets no grass grow under his feet on being a member of the Hondo Chamber of Commerce.

He mailed back his ballot for the director nominees and included a check for his 1974 membership. This marks him Number One for '74!

**GOBLINS** ... will get you Wednesday, October 31, if you don't watch out. Spook time is here again and all little goblins and witches should put on their best outfits and come out to the Halloween Carnival in downtown Hondo. Anyone can enter the costume parade which gets underway at 5:30 p.m. on that date on the west side of the City Municipal Building. Prizes will be awarded, and everyone can enjoy the food and entertainment booths on the Square. All this fun is sponsored by the St. John's CCD program. Just to show you how it's done Bobby [Beau] Van deWalle and Tony Van deWalle show off their costumes.

## 4-H members to be honored

Forty-three 4-H boys and girls will be honored for outstanding achievement at the Annual Medina County 4-H Awards Banquet at St. Dominic's Parish Hall in D'Hanis on Saturday, October 27, at 7 p.m.

Volunteer leaders will also be recognized for one year, five years, and ten years service to 4-H.

Representative John Poerner will present the awards to the 4-H Members.

The Gold Star Award will be presented to the outstanding 4-H girl or boy in Medina County.

Each 4-H family is asked to bring a meat dish and a vegetable or dessert to the covered dish supper.

## Mums go on sale

Hondo Band Students will be selling Mum Corsages for the Carrizo Springs Football Game which is also Homecoming for Hondo Exes.

The Mums will sell for \$2.00 and will be delivered the afternoon of November 2nd. Those interested may contact any Band student by Friday, October 26th.

## Change that clock ! !

"Tempus fugit," cried the ancient Romans when time moved by so quickly. And the Greeks had a word for everything.

And so do many Americans have a word for Daylight Saving Time, especially in the fall when they feel they "lose an hour."

Sunday (actually it's 2 a.m. Sunday), October 28 is the time for whatever word one uses to describe the time when all clocks in Texas are set back one hour.

So, don't forget when you go to bed Saturday night to turn the hands on the old timepiece back one hour so that when time flies (or tempus fugit) it will do it an hour slower than it has all summer.

## Economical improvement organization goal

Organization of an economical improvement and industrial development corporation for the Hondo community area was accomplished October 18 at a meeting in the Audio Visual Room of the Hondo High School.

H. C. Neitenhoefer, owner of the Sears Catalog Store in Hondo, was elected chairman and Mrs. Nancy (Jim) Fridle of Radio Station KRME was named secretary-treasurer.

Principal speaker for the evening was Homer Tucker, field representative for the Texas Industrial Commission in Austin. Tucker, field representative for the Texas Industrial Commission in Austin. Tucker emphasized the need for such a corporation "if a town or area is interested in developing."

He pointed out: "Both Federal

and State governments are heavily stressing rural development at this time through Rural Development Acts passed on both a federal and state level.

"Both acts are designed to provide money for industrial development and economical improvement of rural areas. The Farmer's Home Administration will supervise the federal monies while the Texas Industrial Commission will be in charge of all state funds and programs.

"But," Tucker warned repeatedly, "the only way to obtain funds from either agency is through a local improvement or development corporation."

The TIC fieldman, who views hundreds of Texas communities each year, told those present, "Hondo is in an enviable position

when it comes to seeking industry or utilizing other portions of these two rural development acts. You have highway, rail and air connections; you have a neat, clean town; you have fine churches and excellent schools.

Purpose of the new corporation is not only to seek new industry, but to aid present industries in expansion of their present facilities.

"If you can help a present industry expand by 10 to 20 people," Tucker said, "you have actually helped the town and area more than if you brought in a new industry with the same number of personnel."

One objection uppermost in the minds of many residents of Hondo as well as any small city, is that a new industry will bring in so many "outsiders."

Tucker said that really is not as big a problem as most people think. "Most industries bring in only a few key personnel and then hire other people locally. This means that a new industry utilizes local persons who are unemployed, underemployed or housewives who have never worked."

Another plus for a new industry, according to Tucker, is that many times it will bring back to the area young people who have graduated and moved to other areas to find employment. "They really want to remain at home," he said, "but have no place to work. A new industry will help bring them back."

Chairman Neitenhoefer announced

## Membership drive launched by CofC

"More in '74" could be the slogan for the 1974 Hondo Chamber of Commerce membership drive which begins this week with letters to all members as well as potential members.

Letters being mailed by Mrs. Lillian Porter, executive secretary, will include a membership card which can be easily filled in and returned. Deadline for returning these cards has been set for November 9. This effort will then be followed up with a one day personal mop up campaign set now for November 16.

"We certainly hope that every businessman and individual will give consideration to increasing their investment in Hondo when they return their cards," President Burnis Lawrence said. "We have had a good year of activity in 1973 and with additional funds can increase that activity during the coming year."

The letter which is being mailed out says in part:

"Dear Hondo Citizen:  
"Hondo has enjoyed a good year, but it needs help to continue the progress it has made. You can be a part of that progress."

"The Hondo Chamber of Commerce is the only organization that

devotes full time to building the City of Hondo. But it cannot successfully reach its goals without time, interest, suggestions and money from you and your fellow businessmen or individual residents.

"Therefore, we are appealing to you to join the Hondo Chamber of Commerce and help Hondo Grow. Lend your weight to an organization designed to improve our town. Please return your cards with a good pledge."

**ACCEPTS HIGH HONOR.** Dwight Seegmiller [left] National President of the Future Farmers of America presents the American Farmer Degree to Frank Aelvoet of Hondo. Frank is the son of Mr. and Mrs. Rene Aelvoet. The American

Farmer Degree is the highest degree of membership in the FFA. It was presented to 564 FFA members during the 46th National FFA Convention held in Kansas City, Missouri, October 16-19.

# Letters from the mailbox

Dear Mr. Lawrence:  
The St. Louis Day Celebration in Castroville this past August 19 was, without a doubt, the most successful in the history of the famous event.  
Thousands of persons from far and near gathered in the "Little Alsace of Texas" to feast on delicious barbecue and country sausage, visit with one another, and take part in all types of entertainment.  
The overwhelming success of this year's "Homecoming for Texas" became a reality through the untiring efforts and hard work of many, many persons.  
All your personal help and the help of the entire staff of the "Hondo Anvil Herald," coupled with the extensive coverage in your fine newspaper played a major role in our success story this year.  
Thanks again for all your help this year. May we continue to work together in the future.  
May God bless you!

Dear Mr. Lawrence,

You don't know how much I appreciate your having those campaign handbills printed up for me. I am sure they had a considerable effect on the way my campaign turned out. As you probably know, I won, and I am deeply indebted to everyone who helped make it possible. Enclosed is the payment that is merely a token of how much this election has meant to me.

SAY, THAT'S NICE! Mary Renken opens her gift at the party given last week by Universal Rundle to honor employees who have served with the company for 25 years. Manager W. S. Porter, center, and other employees watch the opening.

## Universal Rundle employees reach 1,083 working years

Could you imagine working for one company for 1083 working years?

Well, such a length of time would extend a life span several times past the most aged "99 and holding", so it is impossible.

But out at Universal Rundle there are a group of employees whose aggregate total of working years reaches 1083 years. And they were honored for this service on October 17 by the company.

Included in the honored group were eight employees who reached the 25 year plateau in 1972, and 31 who this year marked 25 years service with the company in Hondo.

Such longevity speaks well for both employee and employer.

Those honored for 1972 included: Leroy Miller, Ignacio Castillo, Atilano Rodriguez, Florencio Monreal, Geo. H. Retherford, Hilmer Boehle, Duvigen Miranda and Augustin Gonzales.

In the 1973 group were James Rogers, Harry C. Mueller, James Richter, Luiz F. Saucedo, Raul Cantu, Pedro Gutierrez, Louis C. Richter, Trinidad A. Lopez, Pedro Lopez.

Also, Vicente Gomez, Crispin Gomez, Robert

### CORRECTION

The Anvil Herald identified some rainfall statistics in last week's issue as being official readings by Mrs. W. H. Knorr for all of Medina County. This was not entirely accurate.

Mrs. Knorr is only one of several weather observers within the county, and her readings apply only to Hondo.

## Sparks

motor vehicle-railroad train accidents in Texas.  
"Collisions between automobiles and trains at railroad grade crossings in Texas increased some 15 percent in 1972, while nationally they declined," the Governor said in his proclamation. A total of 109 persons were killed at Texas railroad grade crossings last year.

We in Hondo certainly added to that increase with two deaths in 1972 and already two in 1973. Without our contribution to the problem the percentage might have been on the decline.

And before we cry, "We've been trying to get grade crossing gates in Hondo for a long time," let me remind all concerned that those who died at crossings here in the past three years were at crossings that are not slated for gates. Which means we must become more safety conscious when we start to drive across the railroad tracks anywhere in Hondo or anywhere else.

Two groups, the Texas Safety Association's Railroad Transportation Section and the Texas Classroom Teachers Association, have joined hands to illuminate the problem in our state. They are jointly sponsoring a statewide essay, poster and poetry contest aimed at grade crossing safety. Grand award winner in the contest for 8th, 9th and 10th grade students will receive \$500 and first place winners will receive \$250 awards.

At the same time it is hoped that the contest will motivate future drivers, teenage drivers and parents to better understand and respect traffic safety laws governing grade crossings.

We join Governor Briscoe in urging all Texas drivers, and especially those in Hondo, "... to encourage enforcement of laws governing traffic at grade crossings and to support efforts to improve safety measures at grade crossings to reduce the Texas [and Hondo] death and injury from vehicle train collisions."

"And at this time, we will outline to the people the need for such an organization, the goals we hope to set, and the end results we hope to accomplish through this group. We can achieve outstanding results that will benefit our city and area if the entire community can become interested and work toward these goals."

Seven attend conference

A delegation of seven Medina County residents, headed by County Judge Jerome Decker, journeyed to Austin Tuesday to hear Governor Dolph Briscoe and other state and national officials pledge greater effort and concentration on rural development in the years ahead.

Attending with the Judge were County Extension Agent Glenn Bragg; Mrs. Nancy (Jim) Fridle, representing the newly organized improvement and development corporation in Hondo; Larry Oefinger, Medina Electric Cooperative; Burnis Lawrence, Anvil Herald and Hondo Chamber of Commerce, all of Hondo; and Leon Humphries and Yancey Russell, representing the Devine Chamber of Commerce.

Gov. Briscoe told the approximately 2,000 persons attending the Rural Development Conference that "high priority must be given to:

1) Attraction of job opportunities and development of existing industries to rural areas, 2) the orderly development and protection of our natural resources; 3) improvement of government services and facilities; 4) better rural labor market information and service; 5) improvement of public schools and more emphasis on vocational training; 6) better health service; 7) decent and adequate housing; and 8) acceleration of studies by people themselves of their needs and how they can achieve them."

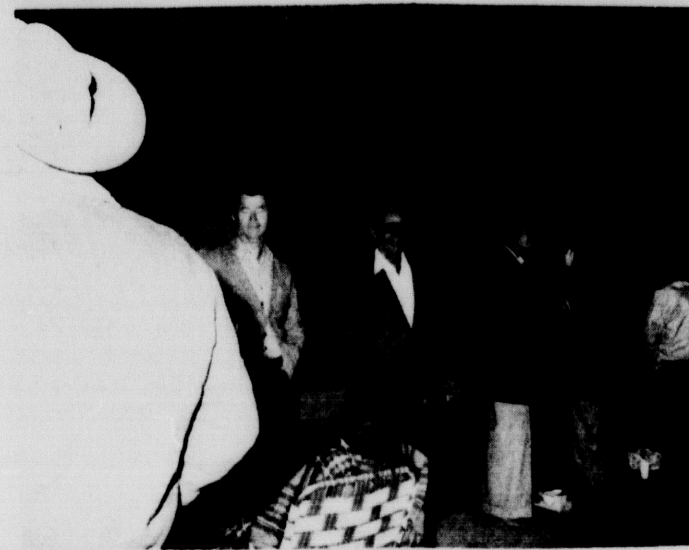

The Governor emphasized: "There are many other areas of high priority but if we can increase job opportunities, we can solve many of the social and physical problems of both areas. Our aim will be to increase jobs and to increase economic activity in the rural areas."

He pointed out that both rural and urban societies are beset with problems: "Rural areas are hit with loss of people and economy through the rush to the big cities. Cities are beset with crowded streets, schools, pollution and other problems. Wouldn't a more balanced-rural-urban development pattern be better for all of us? You and I know the answer is yes."

Stressing the cooperation needed between rural and urban areas to solve some of these many problems the Governor said, "Rural opportunities are unlimited for those who are willing to work for them; but at the same time there is a very strong need for partnership between urban and rural areas."

"And with this partnership we can stress our aim to increase jobs in the rural areas by increasing industrial activities, strengthening our vocational education and increasing our agricultural production."

"There is every reason to believe that with such cooperation, work and desire to succeed we can, from this day forward, strive toward a new rural Texas."

F.F.A. NEWS

The Vocational Agriculture boys received their show hogs Monday afternoon. The Medina County Stock Show will be held February 4th and 5th this year. Boys receiving these hogs will have only three months and a week to get these pigs to show weights of 190 pounds. This will call for a good feeding and management program. The feeding program being suggested is a complete starter-pig ration for the first two and one-half months. Feed costs are high this year and the complete ration seems to be the wisest buy under these conditions.

The average weight of the pigs delivered Monday was 55 pounds. These pigs will need to gain an average of 1 1/2 pounds per day for the next 103 days before show time to reach the weight of 200 pounds. Milo and corn are common hog feeds but they are low in protein and other essential elements needed for fast growth.

Last year some of the boys had to cut back on their feeding rations to keep their hogs from being over finished. All show animals need to be walked and given exercise so that they will have a firm body carcass. The day of the Fat Stock Show is past. Two or three years back the Medina County Stock Show Association took the word "Fat" out of their Association name. The meat buyer today wants a reasonable amount of fatty tissue in the red meat to give texture and flavor, but excess fat is not desired. You will notice

that the pork chops you now buy in the stores have had the layer of fat trimmed to meet desired eye-appeal.

Boys feeding calves for the Medina County Show have reported some good average daily gains. One animal averaged more than 3 pounds per day in a forty-two day feeding period. Feed prices are very high for all animals and to make a profit on feeding will require very good feeding and management practices.

After service in Vietnam, its colors were returned to Ft. Hood in May 1971 and the Division has undergone yet another reorganization. It is now the 1st Cavalry Division (TRICAP).

Gary Saathoff of the Hondo FFA Chapter has been selected by the directors of the 1973 Range Camp of the Texas Section of the Society for Range Management at Junction this summer to attend the 1974 Youth Range Forum in Tucson, Arizona, February 3 thru 8.

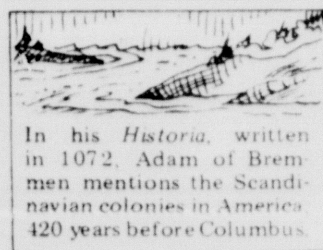

Gary is the son of Mr. and Mrs. Hugo Saathoff, Tarpley Route. He is a senior at Hondo High School.

Gary received his State Farmer Degree last July at the State Convention and is currently Secretary of the Hondo FFA chapter.

Gary has been a member of the range team which qualified for area competition. He was accompanied to the range camp by his advisor, J. D. Schmidt.

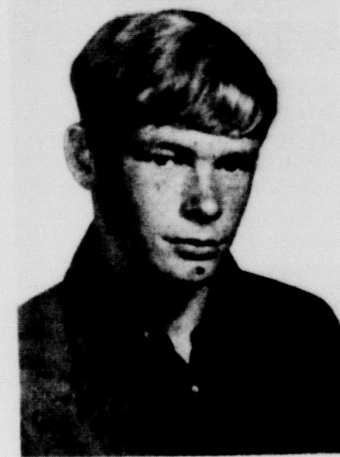

Dan Rodgers, range specialist at Texas A&M University had this statement about Gary's work at the camp. "Each year one from each state is selected to attend this forum. The selection is made on the basis of outstanding ability to recognize and identify the range conditions and plant identification."

REMEMBER THE AGED ALL THE YEAR ROUND

Living alone or in a nursing home, many old people often feel useless and forgotten. They are in need of being remembered not only at special occasions but all year round. Sometimes, a note, a phone call or a visit is enough to make life feel worthwhile again.

Our pharmacy tries to give special consideration to our older customers in every way. We know they often have special health problems and we try especially hard to always have on hand those medicines and health aids most called for by older folks. We are proud they have chosen us to assist them.

"A GREAT MANY PEOPLE EN- TRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy? We welcome requests for delivery service and charge accounts." © 10-3-73

by Edna McDade

Two whooping cranes must have made early reservations and boarded the first norther headed this way from Canada. They are now setting up housekeeping at the Aransas National Wildlife Refuge and might even have the curtains up by the time their fellow tourists join them.

The ANWR manager says a flock of 55 whoopers are expected this year, to come in relays according to the norther schedules.

Bird talk reminds me that the 'ime of the "feeding" of birds is come. Our bird cafeteria is ready and waiting, newly decorated and slightly enlarged.

I am ready for last year's red winged blackbirds to come back to Texas for the winter. Presently, doves and sparrows think Santa has come early this year.

The past several days have been trying to make amends for the decidedly un-October weather we have had for most of the month this far. Even the garden plants seem confused. Some are covered with new blooms just as though spring were about to begin. They might be in for a cold surprise!

October is birthday month for many of us [more so for some of us than others especially if you go to adding up the years]- so, who is counting?

I have many "twins", the youngest of whom is ROBERT DANIEL, 3-year-old son of J. D. and LINDA SCHMIDT. A card from MARY BELLE [Mrs. Sam] ZERR, D'Hanis, reminded me that her father, Mr. Louis CARLE, and I are also "twins"; and isn't he the courtly gentlemen to admit to two more years than I?

Noah [Dictionary] Webster's 215th birthday was celebrated [or should have been] on Oct. 16th of this year. I found [and clipped] a delightful column about the occasion by a syndicated columnist [William Safire] who headed his remarks, "In a Word [or Two], Happy Birthday."

Some weeks ago, a picture of Laura Rossann Wentz and her new brother appeared in this newspaper and both children seemed very happy about the whole thing, as they posed with their Hondo Owl football team mascot.

Laura and Jimmy couldn't have chosen more devoted parents, of that I am very certain.

Autograph albums were prized possessions in my little-girl school days. I had a whole collection of them which I later destroyed and still later wish I had kept.

What prompted this confession was the following bit of rhyme, quoted as coming from "an album of yesteryear" but which is new to me and I wanted to share a chuckle with you: "I love you little/ I love you lots/ My love for you would fill two pots/ Fourteen kettles, fifteen cans/ Twelve washtubs, and ten dishpans."

That's real love, I'd say. Wholesale.

For several months I have noticed the Bingo Auto Parts standing ad asking for "oid pictures taken in Medina County before and after the turn of the century and later."

ROCKY SEDGWICK is making a big contribution to the county's history by sponsoring such a collection. In going through old files at the ANVIL HERALD, I noticed two pictures which would make fine additions if they are not now included.

A picture of the late George M. Schuehle [who died 8/10/13] is in the Aug. 16, 1913 issue and gives full details. At that time, Mr. Schuehle was said to be the oldest person in Medina County. He was born Jan. 1, 1815, in Zalsenhagsen, Baden, Germany.

A picture of the late Mr. and Mrs. Rolf Frerichs also appears in the same issue, along with a tribute to Mr. Frerichs [he died 8/18/13] written by Capt. Fred Metzger.

Mr. Frerichs was born Jan. 5, 1833 and arrived in Quhi in 1856. His wife was the former Miss Anna DeGrod.

More reminiscence . . . The Oct. 10, 1913 Anvil Herald contains a picture of "Hondo's \$4,000 Methodist church" which was then being remodeled "into a beautiful \$10,000 structure." The Rev. M. K. Fred was pastor at that time.

# Cowboys blast Natalia; take week off

The D'Hanis Cowboys exploded for 21 points in a four-minute span of the first quarter, then went on to stun the Natalia Mustangs 29-0.

With starting quarterback Bobby Joe Rothe on the sidelines for the entire game, sub Eric Rothe proved a capable substitute as he directed touchdown drives of 60, 41, 28 and 83 yards in the first half. The only scoring of the second half came on a third quarter Natalia safety.

The Cowboys took the opening kickoff from their 40-yard line and moved a methodical fashion against the Mustangs. Following an eight yard pass to Doug Kempf, Eric Rothe went in from the 5, and D'Hanis took an early lead with 5:13 remaining in the quarter. The PAT kick was not good.

Natalia went to the air on third down and seven, but Kenny Lutz of the Cowboys snagged the pass at the Mustang 41, and D'Hanis was in business again.

This time it took two plays to score. Eric ran for three yards, then Ronny Rothe broke for 38 yards and the touchdown. This time Eric ran in the two-point conversion and with 3:34 remaining it was 14-0 D'Hanis.

Natalia's troubles weren't over yet. The

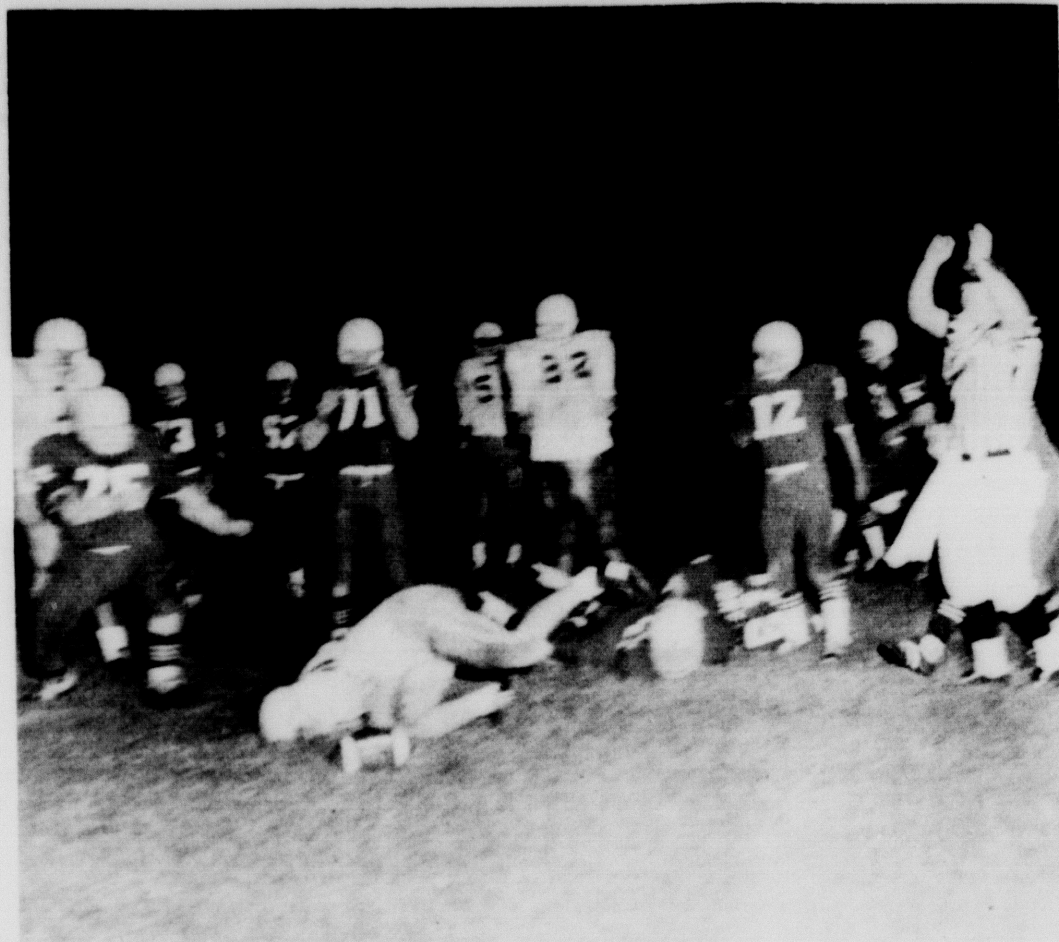

ensuing kickoff was fumbled, and a Cowboy fell on it near the Mustang 28.

This score wasn't to come easy for D'Hanis. With a first down at the 17-yard line, the Cowboys were tagged with a 15-yard holding penalty. Following a run for no gain and two incompleteness, it was fourth down and 27 from 34 yards out. But Eric Rothe found Richard Rothe on a screen pass that went not only for the first down, but the touchdown as well.

Though the ball was jarred from Richard's hands just before he crossed the goal, Frank Sandoval was there to cover it in the end zone. With the extra point kick again going awry, D'Hanis led 21-0 with 58 seconds of the first quarter still remaining.

Halftime found the Mustangs in what would have been a good drive with good running by Terry Elliott and David Kirkwood. However, penalties hurt their progress, and the halftime whistle found them still in their own territory.

After the break, came out in a fighting mood, with much-improved defense which stopped one Cowboy drive with a midfield fumble. But the D'Hanis defense was also impenetrable, and neither side threatened a touch-

The only score of the second half came with 2:15 remaining in the third period as the Mustang's Elliott stood in his end zone for a punt on fourth down. The snap went too high to catch and rolled out of the end zone for a safety.

Statistics for the game were as follow (D'Hanis first): First Downs, 14-7; Yards rushing, 227-69; Passes (yards), 5-10-0 for 55 yards; 2-11-1 for minus-13; Fumbles lost 2-0; Penalties, 4 for 60, 7 for 55; Punt(s)ave, 3 for 35.4-6 for 30.

NOT YET, REF... the ball squirted free as Richard Rothe crossed the goal line on a 34-yard pass play Friday night at Natalia. Immediately, Frank Sandoval fell on it in the end zone to put the D'Hanis Cowboys ahead 21-0 in the first quarter. [Photo by Fr. Victor.]

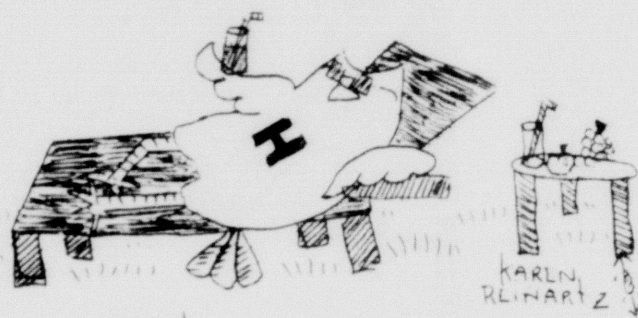

## Chapa kills deer with bow and arrow

E. J. Chapa of Hondo recently killed a deer while hunting in New Mexico. That's not news.

What's news is that he did it with bow and arrow,

the first time he has been successful at archery hunting.

To make a clean kill, it was necessary to get within 15 yards of the buck.

## Harmon favors Irish, 'Bama

There's no doubt that one of the outstanding games of every college football season is the struggle between Notre Dame and Southern California. As usual, both teams are in our top twenty, but neither has shown the awesome power that was predicted in preseason.

The Trojans were tied early in the season by Oklahoma, but they were beaten in the statistics. The Irish are undefeated, but playing a schedule that hasn't been that demanding. For 9th-ranked Notre Dame and 10th-rated Southern Cal, national prestige is at stake again. Our pick is

Notre Dame by just two points.

Alabama was the noisy survivor in its big clash with Tennessee last Saturday, and the third-ranked Tide takes on V.P.I. this week. Barring a let-down, Alabama should "survive" again, this time by 35 points.

It gets to be rather old hat in the Big Ten week after week as the two powers, Ohio State and Michigan, move methodically through their schedules toward their eventual championship clash on November 24th. The Buckeyes, still #2, are 37 points stronger than Northwestern, and the Wolverines, in 4th place, will win the annual battle of the Little Brown Jug, beating Minnesota by 27.

And emerging as the third top independent this year along with Notre Dame and Penn State is Houston. The Cougars, ranked #12, are still undefeated and are looking for what could be another big win. Houston is favored over Auburn by ten points.

Oklahoma and Arizona State will continue their power football. The top-ranked Sooners will beat Kansas State by 31 points, and the undefeated Sun Devils, our #11 national power, will whip Oregon State by 26 points.

# Devine game to be critical, bruising, hard-fought, ... 'typical'

"It promises to be another typical Hondo-Devine game," ventured Coach Bohls Tuesday afternoon. Indeed it does. Once again, Devine is undefeated. Once again, the championship is on the line. This time, the Owls hope things turn out a little different than they did last year. The Warhorses took the 1972 contest 21-20 with a strong second half effort. So far this year, the Warhorses have played excellent defense, along with an adequate-but-not-overpowering offense. Their victories have been by such scores as 10-7 over Medina Valley, 13-10 over Dilley, and 7-6 over Pleasanton. Only once have they scored more than 16 points, averaging 12.3 per game. But the key word is 'victories'. While not devastating, the Warhorse attack has never failed to be enough for a victory. And while the offense rests, a big and strong Devine defense has been steadily shutting down their opponents. Only Dilley has scored more than a single touchdown on them (10 points), and three opponents have been shut out so far. "The problem with Devine for much of the year has been offensive miscues," Bohls said. "Against Medina Valley they would drive the length of the field, only to lose the ball on an interception or a fumble. "They will be playing much harder for us, and I just hope we're ready for them."

### Endangered

#### species meeting

The fall meeting of the Texas Organization for Endangered Species (TOES) will be held October 25 at the Lakeside Inn and Marina west of Austin.

John W. Arnn of Temple, president of TOES, said anyone interested in helping preserve threatened species of plants or animals is invited to attend. The conference starts at 9:00 a.m. and will be highlighted by the keynote address of Texas Parks and Wildlife Commissioner Bob Burleson.

TOES recently published a tentative list of Texas plants and animals considered to be in most danger of extinction. The watchlist contains 112 species of plants, 11 mammals, 9 birds, 6 amphibians and reptiles and 4 species of fish.

Work is underway to compile a list of endangered invertebrates. Although little information is currently available on such species, certain mollusks, crustaceans, and butterflies are thought to be threatened.

TOES is a coalition of private, state, federal, educational, and other groups. It was formed in 1972 after the Soil Conservation Service called a statewide meeting of interested individuals and organizations to coordinate inter-agency efforts to preserve threatened species.

Members of the TOES steering committee include John W. Arnn, president; Soil Conservation Service; Dr. Frederick R. Gelbach, president-elect; Baylor University, Waco; Dr. Charles Rowell, Angelo State University, San Angelo; and Charles Ramsey, Texas Agricultural Experiment Station, College Station.

## Journey through Europe enjoyed on \$7 daily budget

[Editor's Note: People who can make trips to fascinating foreign countries are the envy of all who must remain landlocked "stick-at-homes," and we must reveal in their interesting travels through the written word. Tom and Georgia Galloway, daughter and son-in-law of George and Evelyn Pletz of Devine [they are actually around here so much we could almost say Hondo also], recently enjoyed such a trip to Europe and gave a good account of their fun.]

Tom and Georgia Galloway of New Braunfels took a 23-day trip to Europe this summer, spending 11 of those days in Italy, but also visiting England, France, Switzerland, Austria, Germany, and Holland.

In Rome they visited Mr. Galloway's uncle, Col. Jere Whittington, who is US military liaison to the NATO Defense College there, and Mrs. Whittington.

One of the interesting persons they met at a party in Rome was a Greek officer, who, Mrs. Galloway said, "Helped us realize that our taxes aren't as bad as they could be. He had just purchased a Jaguar for \$5,000, and was going to have to pay another \$8,000 in taxes when took it to Greece."

One day was spent fishing at Sorrento, a few miles from the Isle of Capri on the Mediterranean. An afternoon tour took them through the partially excavated ancient city of Pompeii, buried during an eruption of nearby Mount Vesuvius. "We walked on cobblestone streets, which still show well-defined tracks made by chariots, sat in the sports arena, viewed the swimming pool in the athletes' training area, walked through ancient houses with tiled kitchens and indoor fountains, and wandered through the men's and women's baths of the local social club," report the Galloways.

They found a two-hour bus ride along the cliffs overlooking the Mediterranean between Sorrento and Amalfi one of the most beautiful scenic drives on their trip. The drive yields spectacular views as the bus meanders along the edge of the mountains that plunge into the clear blue waters below.

In Venice the Galloways became aware that the ever present signs around Europe warning of pickpockets were not to be taken lightly. They were detained on a Canal boat while volatile, fist swinging, cursing Italians demanded the "polizia" due to a pickpocket's work during what was supposed to be a "romantic cruise around the city."

In Switzerland the travelers were pleased to be a part of the "Don't Miss the Swiss" program, in which tourists are matched with a family of similar interests and background. The Galloways were invited into the home of the Arnold Islers. They found their visit delightful and hope to continue the friendship formed that night.

Traveling by Eurail in Germany they had three elderly ladies as their compartment companions. Aware that the Galloways did not speak the language, the ladies nevertheless talked to them in German incessantly and seemed to delight in pointing out landmarks to them.

A nice change from staying in hotels was found during the Amsterdam stay, when the Galloways stayed with a family in a small fishing town about 25 miles from the larger city. It gave them an opportunity to see a more typical Holland lifestyle.

An unexpected experience in London was a tour through Whitehall, the barracks and training area for the Queen's guards and horses. They watched the full dismounting of the palace guards when they returned from their duty, and were shown the parade horses, guard horses, saddle shop, and uniform rooms.

Concerning the economy the Galloways came to the conclusion that the US has less inflation than European countries. In their opinion Italy has the highest amount.

"Thanks to good wine, cheese, fruit and bread," say Tom and Georgia Galloway, they actually made it room and board wise on the budget they had set for themselves, \$7 apiece each day.

While in Holland they visited with friends of long standing of the Pletz family, Dr. and Mrs. Kreshier and daughters. The Doctor is a heart and lung specialist and was active in Scouting with the Pletz boys.
